Basic Auto Electrics

Training Course

Basic Auto Electrics

Giving you the right training to complement your Business

- Do you know how to use Multi-meters?
- Do you know the difference between 0Ω and OL?
- Do you know what Voltage Drop means?
- Do you know what the difference between Parallel and Series Circuits are?
- What does pin 87a on a relay do?

If you can answer yes to all these then this course is not for you!

If you have answered no to any of these then:-

Crossroads Truck and Bus can offer you excellent training on Basic Auto Electrics, Learn about :-

- Ohms and Watts Law
- Basic wiring diagrams and circuits
- How to use a Multi-meter
- Basic Charging and Starting Circuits
- Relays and switches
- Fault finding logic and general fault tracing

Crossroads Truck and Bus Ltd :- Winners of the 2009 Volvo Action Service Technician Award (VASTA) competition

Crossroads Truck & Bus Limited

Pheasant Drive, Birstall, Batley WF17 9LR England Registered in England No: 573068 Registered Office Tel:- +44 (0) 1924 425000

Training Course

Basic Auto Electrics

About:- Basic Auto Electrics

Basic Auto Electrics is 3 days

Lunches, Workbooks, Information is included.

Course content:

- The electronic atom
- Basic Alternator Function and starting circuits
- Fault finding logic
- Circuits and diagrams
- Volts
- Current
- Voltage drop theory and demonstration
- Resistance and how to measure
- Relays and how to test them
- Ohms and Watts Law (Basic understanding)
- Practical Tasks and light circuits
- Theory test to check on Knowledge, learning and development.
- **please note the course is demonstrated in a way that people with limited knowledge of Auto electrics will understand)**

Cost of Training course is:-

£480 per person plus VAT at the applicable rate

For more information contact: **John Grist** or **Alan Barstow**
